

The New Hartford Public Schools PTO has launched a fundraising committee, Project Playground. The committee is presently raising the funds necessary to completely replace the aging, outdated playgrounds at both New Hartford Elementary and Bakerville Schools. We need your help to reach our goals - your sponsorship and contribution ensures a bright future for the town of New Hartford and our children!

The playgrounds at both schools will be replaced with all new age appropriate, handicap accessible, inclusive structures. Both playgrounds will include usable **ADA compliant components**.

New Hartford is a growing town and needs these improvements for our ever-changing, diverse student population. The volunteers on Project Playground consist of dedicated families that have collaborated with the school's teachers and staff to ensure the installation of these long-awaited playgrounds are both fun and safe for the children utilizing them.

The ultimate goal is to raise \$160,000.00

This goal would benefit each school at the amount of \$80,000.00 which would include all play structures, fencing, benches, fixtures and landscaping.

The support of the families and community has been incredible so far, but we have a lofty goal...With many fundraising events being held and sponsored by the parents and families of Project Playground, we know we will reach our goal

but we need your help. You can help us achieve our goals and your support is crucial to our project!

New Hartford Public Schools and Project Playground Thanks, You!

The benefits of sponsoring Project Playground are innumerable. There is nothing more important than the future of our children as well as their safety and inclusion.
