

# COVID-19 Protocols

## Daily Screening For Parents

**Every morning before you send your child to school please check for the following:**

- ⚠ Does your child have a temperature of **100.4 degrees** or greater?
- ⚠ Does your child have any other signs of COVID 19? *See the below list*

- ⚠ Was your child in close contact (within 6 feet for more than 15 minutes) with anyone confirmed with COVID-19 within the last 2 weeks?

**X** If the answer is **YES** to any of these questions, **DO NOT** send your child to school. Instead, begin quarantine of your child and contact your healthcare provider. Strongly consider COVID-19 testing.

If your child has been tested for COVID19 **DO NOT** send your child to school until the results have been obtained

If your child has travelled please consult with the school nurse for additional guidance.

**These health protocols incorporate recommendations from the Center for Disease Control (CDC) and the State of Connecticut Departments of Health and Education**

**COVID-19: When a student, faculty or staff member can return to school**

Individual	Symptomatic (Key COVID 19 Symptoms)	No Symptoms
<p><b>Not tested for COVID-19, No known exposure to COVID19 WITH alternate explanation (strep, influenza etc. as determined by a doctor)</b></p>	<p>May return to school after <b>24 hours</b> resolution of fever without fever reducing medications</p> <p><b>AND</b> written documentation is provided by a medical provider offering an alternate medical diagnosis and the provider indicates it's appropriate for the patient to return to school</p>	<p>N/A</p>
<p><b>Not tested WITHOUT alternate explanation</b></p>	<p>Must remain home for at least <b>10 days</b> from the first day symptoms appeared <b>AND</b> be <b>24 hours</b> fever-free without fever reducing medications and with improvement of symptoms</p> <p><b>Note:</b> If symptoms experienced are those listed in blue on the front symptom list, the child <b>MAY</b> be able to return to school sooner than 10 days – <b>MUST</b> consult with school nurse for additional guidance.</p>	<p>N/A</p>
<p><b>Tested Negative</b></p>	<p>The individual can return to school with a negative test <b>AND</b> consultation with school nurse regarding any additional follow-up.</p>	<p>May proceed with attending school.</p> <p><b>EXCEPTION:</b> A known close contact (within 6 feet of a confirmed case for more than 15 minutes) must complete a 14-day quarantine, even if the test is negative.</p>
<p><b>Tested Positive</b></p>	<p>Must remain home in isolation for at least 10 days from the date symptoms began <b>AND</b> be <b>24 hours</b> fever-free without fever reducing medications and with improvement of symptoms.</p>	<p><i>Isolate</i> at home for 10 days from when the test was taken.</p> <p>If the individual develops symptoms, <b>MUST</b> isolate for at least 10 days from the date symptoms began <b>AND</b> be <b>24 hours</b> fever-free without fever reducing medications and with improvement of symptoms.</p>
<p><b>Close Contact (within 6 feet for 15 minutes or more with a confirmed COVID – 19 case)</b></p>	<p>N/A</p>	<p><i>Quarantine</i> for 14 days before returning to school. Must remain symptom free. If individual develops symptoms, then refer to the symptomatic scenarios.</p>
